ORGANIZED BY

Wroclaw University of Science and Technology, Centrale Nantes, Technical University of Berlin, AGH University of Krakow, and the Editorial Institution of Wroclaw Board of Scientific Technical Societies Federation NOT.

PATRONAGE

The International Academy for Production Engineering CIRP.

INVITATION

The Organizing Committee cordially invites researchers and practitioners to participate in the XXXVIII CIRP Sponsored Conference in Karpacz.

The conference language is English. Contributions from authors and their colleagues are expected to be of strong scientific and practical value for the machining systems community.

QUICK FACTS

date 21-23 June 2027

place Karpacz, Poland

fee 650 EUR participant; 420 EUR guest upon agreement

scope Diagnostics, supervision, machining systems

WHAT IS INCLUDED

- ❖ Journal of Machine Engineering conference issue
- ❖ Conference dinners, coffee breaks and meals
- ❖ Access to scientific sessions and networking
- ❖ Bus service transfer Wroclaw - Karpacz - Wroclaw

CONFERENCE FOCUS

- ❖ Intelligent optimization of manufacturing
- ❖ Real-time process monitoring and self-control
- ❖ Intelligent forming and additive manufacturing
- ❖ Advanced cutting, grinding and super-precise machining
- ❖ Industry 4.0/5.0 oriented machining process development
- ❖ Energy saving and environmental friendliness

GENERAL TOPIC

Papers related to diagnostics and supervision of machining systems are usually accepted for consideration.

VENUE

Karpacz is located about 120 km south of Wrocław. Transport and venue details will be sent to participants and published on the conference website.

IMPORTANT DATES

abstract	08.01.2027
notice	within a week of submission
full paper	08.02.2027
acceptance	19.02.2027, depending on reviews
fee	28.02.2027
